Technical data/items supplied

- 2 rail guides with each 1 linear slide Dim. 15
- Stroke = L- 140 mm
- Stroke up to 2845 mm
- Ball screw with tolerance class T7, right
- High load-carrying rail slide with continuous lubrication
- Load rating:
  Cdyn: 7,620 N
  Cstat: 11,180 N
- Allowable static tilting moment:
  Mx: 54 Nm
  My: 54 Nm
  Mz: 54 Nm

Assembly

- Simple mounting of external switches on lateral profile grooves
